

RULES OF USE OF THE FACILITIES OF THE HOTEL TOSSAL D'ALTEA BY GUESTS FOR THE PREVENTION OF COVID-19

Guests staying at the Hotel Tossal d'Altea must be informed and agree to comply with and respect the special rules of coexistence and use of facilities in the prevention of contagion by COVID-19.

These rules (which are based on current regulations) are indicated at the reception, on the hotel signage and on our website: **www.hoteltossalaltea.com**

For the record of their knowledge, guests will sign their consent for acceptance at the hotel reception upon arrival.

Clients should practice the basic hygiene rules in prevention of COVID-19:

- Frequent hand washing / hygiene, particularly when accessing shared areas (lounges, restaurant, cafeteria ...). To do this, guests have sanitizing gel or wipes at various points in the hotel.
- Use inner side of elbow to cover mouth / nose when coughing or sneezing, or use disposable tissues and wash hands afterward.
- Avoid touching your mouth, nose or eyes in public spaces.

Clients must respect social distancing with people outside the family or living environment:

- Avoid greetings that involve physical contact (hugs, kisses, shaking hands ...).
- Respect the gaugings established in common areas (if any and they were necessary according to regulations), and particularly in those in which there is no physical control by the establishment (elevator, lounges ...). In the elevator, only the living clients will coincide.
- Respect schedules and other regulations that may have been established by the establishment to comply with the permitted capacity.
- Respect the distances (2 m.) between people established in public service points (reception), entrance to restaurant, buffet ...
- The buffet breakfast will be assisted, so the hotel staff will serve it directly to the client.
- Do not stay in the room during cleaning, maintenance or repair services to be carried out in it.
- Mandatory use of masks for clients who present symptoms and cases in which the social distance of 2 m is not respected.

At the first signs of symptoms consistent with COVID-19 disease (fever, cough, or respiratory distress), clients should:

- Self-isolate (affected and living together).
- Inform the establishment (at the reception) by telephone of the situation.

PREVENTION, HYGIENE AND SAFETY MEASURES COVID-19 AT THE HOTEL TOSSAL D'ALTEA

THE RECEPTION OF GUESTS

- Necessary measures are established to ensure the distance between client and employees. If this is not possible between the employee and the client, adequate security measures (mask) are established.
- Disinfectant solution is available in the reception and reception area, as well as in common areas.
- Sharing objects is avoided and, but if it is not possible, objects are disinfected after use.
- Brochures, magazines, newspapers and other common elements are avoided to prevent infections.
- Distance markers to ensure the minimum safety distance.
- Payment by credit card (contactless) is encouraged and the POS is disinfected after each use.
- The counter is cleaned at least once a day according to the influx of customers.
- The room key cards are disinfected after each use and before handing them over to the guest.
- The allocation of rooms is carried out guaranteeing hygienic disinfection measures.
- The transport of luggage by the staff, if necessary, will be carried out in safety conditions with disposable gloves and / or disinfecting wipes to carry luggage.
- The elevator will be used so that only the living guests coincide.

ROOM CLEANING AND MAINTENANCE

- The staff of cleaning and maintenance area do not provide service in the rooms while the client remains inside, except for just cause.
- The flooring and maintenance areas use individual protective equipment according to each situation, such as the use of a mask and vinyl / acrylonitrile gloves.
- Gloves and masks should be discarded depending on their useful life and conditions of use.
- In cleaning, doors, balconies and exterior windows will be opened to ventilate the installation.
- No minibar service is offered for safety, disposable cups are prioritized in the bathroom, non-essential items are removed and there is only a trash can (with lid) in the room to avoid possible contagion. If you want any other item in your room, ask reception.
- In the exceptional case of having to make a repair with the client inside, it is necessary to urge the client to use a mask.

FOOD AND BEVERAGE AREA (RESTAURANT, CAFETERIA AND BREAKFAST AREA)

- We try to reduce handling and customer intervention to prevent the risk of contagion. At breakfast, we will proceed to a buffet assisted by the hotel staff provided with gloves and mask, so that the client will not intervene on the food. It will be the staff who handle the breakfast.
- Commonly used items and equipment are replaced such as cruets, salt cellars, olive oil bottles, beverage dispensers, sugar cubes, etc. and other decorative elements.
- The room service staff will wear gloves and a mask whenever it is not possible to maintain the minimum safety distance with the client.
- An alimentary hygiene system updated with COVID-19 is maintained to guarantee food safety and hygiene.

POOL AND GYM

- In the pool the correct parameters for chlorine and pH are regularly measured and adjusted, a saline chlorination system and a good hydraulic and filtration system are available and the capacity is respected (if necessary) to have safety distances. The gym is ventilated 2 hours before use and only allows occupants of the same family unit to coincide. It is disinfected after use.
- In the pool deck area, the capacity is maintained to have safety distances. The areas outside the pool are cleaned and disinfected as well as the surroundings, the shower and the sun loungers.
