About us

A traditional, rustic and charming accommodation to relax in Altea, a unique town

- The Hotel Tossal d'Altea is a charming and gastronomic hotel located in an old olive oil production mill in Altea (Alicante). This traditional building has been restored and in the past it was a farmhouse on an olive, almond and orange farm with the name of "Almàspera de Guillem".
- Located 500 m. from the popular Old Town (Well of Cultural Interest), our family-run hotel retains the atmosphere of old time to move you to the rural Altea that defends the local values and the memory of our ancestors.
- Stay in our nice and rustic rooms, taste the restaurant's Mediterranean cuisine, visit the mountainous landscapes of the Sierra Bernia and the Puig Campana, soak up the rural aroma, walk along beaches and trails, savor olive oil or take a walk to the Old Town, home of artists and bohemians ...
- We celebrate events and weddings and we offer you a welcome cocktail and banquet, accommodation for your guests and a garden for the ceremony.
- And if you are part of a group or company or want to organize a retreat (yoga, mindfulness, health, wellness, hiking, cycling, fitness), a workshop, a course or a congress, we would love to hear your project.

Our Restaurant "Almàssera de Guillem"

Mediterranean Cuisine: a Mediterranean and healthy pleasure for the senses

- Art in its purest form expressed in two ways. Firstly, the building is very old. An old olive oil mill and farming house renovated respecting these features and following marked parameters.
- The second reason is the gastronomic characteristic, combining the Mediterranean concept with the local cuisine and adding international touches. Our restaurant named "Almàssera de Guillem" in honour of the old location is a memory of regional achievements.
- We manage the restaurant with attention to detail and cater for special occasions, all kinds of events and celebrations ranging from small groups, family or business gatherings. It combines a tranquil and rural location with elegance. We have spacious and versatile rooms where one can read or enjoy the terraces.
- The old olive oil mill has been transformed into the Hotel Tossal d'Altea, with the Almàssera de Guillem restaurant inside, as a tribute to its former use. The traditional, simple cooking here that has a real Mediterranean feel to it, is based on recipes from times gone by a touch of modern-day, daring creativity added to them.
- Guests can also enjoy other spaces of the building in peaceful surroundings and with views to the countryside.

Tradition

- Hotel Tossal d'Altea has been designed by reforming and rehabilitating an old farmhouse that worked as an olive oil production mill. This traditional building is very old. In its beginnings, the place was intended for the exploitation of the vineyards; and then it became an oil mill that was the nerve center of a plantation of olive, carob and almond trees.
- In charge of the farm and its facilities was the Guillem family, who dedicated themselves to the production of olive oil. These rural buildings became a key part of the agricultural economy of the Altea area (Alicante).
- The place was in a state of deterioration due to the years and inactivity. The idea was to turn it into a charming, gastronomic and rustic hotel establishment. It was conceived to preserve the most representative singularities of the mill, with the aspiration to respect tradition.
- Currently, an oil mill provided with its stone / olive milling ring is located in the center of the main hall; and two restored presses remain as symbols of the tools used by our ancestors.

We pay tribute to the legacy of our ancestors in this unique and historic building converted into a hotel
