Hotel Tossal d'Altea is a traditional hotel and gastronomic establishment located on a 200-year-old olive oil mill in Altea (Alicante). This historic building has been restored and it was a farmhouse and a farm of olive, almond and orange trees known as "Almàssera de Guillem". Located just 500 m. from the popular "Casco Antiguo" or also known as Old Town (Well of Cultural Interest as a Historic Site), this family run hotel retains the atmosphere of old time to move to the rural Altea that defends the local values and the memory of our ancestors. Stay in our nice and rustic rooms, taste our Mediterranean cuisine at our Restaurant, visit our landscapes, soak up the aroma of tradition, savor and smell the olive oil, relax in our rural environment, or take a walk to the "Casco Antiguo". If you are part of a group or want to organize a retreat (Yoga, mindfulness, wellness, health, hiking, cycling, fitness, sports...), or a workshop, we will love to know your project.
